Dear Gabe

If I were a poet
I'd write a poem to sing your
praise if I were an artist I'd
paint a picture in which
you'd have wings... but,
alas, I am just a poor
human with strongly limited
performing capability!...
and so ... I'll use simple
words to wish you a wonderful
birthday - may some of your
wishes come through in the
year ahead, may you be happy,
healthy & successful! May it's
be the best year ever!

So much love

Grandma

The enclosed is but a token
of my love for you ...
